Faith That Never Gives Up

Be on the alert, stand firm in the faith, act like men, be strong."
I Corinthians 16:13

Dear Friends,

I am writing this from my hotel room in Johannesburg, South Africa where I am holding meetings in Soweto town. I am also spending important, much-needed time with the leaders of our Bible Schools.

The meetings in the nation of Botswana last week were very successful. God has given Teamwork favor in this nation of great natural wealth. This is the land where the Bushmen live. Last year we started establishing Bible Schools here so that we can train people who can reach the native people, especially the Bushmen. Please pray for us, that our Bible Schools will continue to be successful.

Today I was watching a program on TV about how Kenyan runners are trained. The Kenyan runners are among the best long-distance runners in the world. They are trained in high altitude areas where they run in strenuous conditions, climbing mountains to acquire persistence and stamina. The air in this high altitude is thin: it has a low percentage of oxygen. The runners are conditioned to overcome obstacles at high altitude. This helps them endure long in the race.

Master Difficulties by Trusting God

This made me think of how the Lord trains us to be overcomers. Persistence is an essential factor in developing faith that never gives up. As a believer, the basis of our persistence is the power of the Holy Spirit in us and a will that has been trained to do whatever it takes to reach a desired end; to never give up, to keep exhausting all options in the pursuit of God-given goals.

Lack of persistent faith is one of the major causes of failure, especially among young people. On many occasions, I have seen two

people with a similar problem. One has overcome, while the other has not. Though both had similar options, one of them was persistent enough to find a solution, while the other one gave up and blamed the devil for defeat.

Persist Past Your Failures

If you study all great leaders and great Christian achievers, you will find some common factors, such as persisting faith, concentration of effort, definiteness of purpose and trusting God in prayer. They surround themselves with other supporting believers or friends who encourage them to follow through with both plan and purpose. They are hunters of victory, and they welcome setbacks and defeats as teaching lessons.

Overcoming faith is only developed through hard trials and situations. Individuals who avoid hardships and constantly seek an easy way out of their situations never reach a place of maturing in their faith. Winners in Christ are focused people. They know what they want in life and that is what they shoot for. They are dream builders. They surround themselves with other persistent people who also believe in their dreams.

We of Teamwork are determined not to give up on the vision God has given us. From South Africa, I'm traveling to Tanzania and the City of Hope, where we have broken ground on the first building project. We are at a point where we cannot turn back. We have to move forward, and are counting on our partners to help see this vision come to pass. Pray for me as I will be meeting with local government officials.

We need \$125,000 to complete the first phase. Though it seems like a lot of money, every gift helps. As more people give what they can and share this vision with others, the money will be multiplied. Please prayerfully consider how you can help.

 Read this testimony as an example of how Dr. Chacha's teachings are relevant to real life situations.**

Dear Dr. Chacha,

My husband and I watched the DVD of your teaching on "**Living on the Edge, A Journey in Faith**" this morning before he went into work. It was phenomenal!! My husband has really struggled with having faith for God stuff, even feeling like a failure. I think he is amazing and is being lied to. Anyway, we have recently been presented with an opportunity to make a big huge life change. Your teaching was GREAT for us. We watched all the way through the prayer and received your prayer for us (hands raised in our living room). Afterward we grasped hands and really cried out to God (and prayed for you, your ministry and your family). I just wanted you to know that you are part of our Faith Journey. Praise the Lord. While you were speaking in N. Carolina you didn't know that a couple in New York state, just a few days later, would be well blessed. Thank you!!!!
